Chapter 1 by Sam I am

In my head, there lives a life of things that won't happen. This causes both happiness and destruction for the sweetest of candy will never be tasted but only imagined. My favorite celebrities will know and love me but I will never discover their touch. it is in my head that this world lives. And it is in my head a world to never be explored.

Chapter 2 by Katya

I always get lost on my lessons. I can listen to anyone who talks more then 2 minutes. I just get lost in my own thoughts. I want to get all of the fictional stories out of my mind, but i can't. My friend touches my shoulder:

- Hey, are you dreaming again?

-Well, yeah

- You know i want to hear it. My math-constructed mind can't imagine all you do.

- Alright.

And i start my story about all the creatures that might live in the deep ocean.

- We haven't discovered much of the ocean. How can we know who lives out there? Maybe it's an octopus-like creature. but a lot more dark and aggressive. What if The Loch Ness Monster

exists, but now it's somewhere deep where humans can't see him? What if he's just resting for now.

- Wow, I've never thought of that. I want to find out. Then life will be so much fuller.

- I'll be waiting.
